Latin-America Appeals to United States to Aid in Excluding Belligerent Warships From Waters of Two Americas.

RESTORATION OF TRADE PURPOSE OF THE PLEA

Countries to South Claim Their Commerce Is Being Destroyed by Operations of Belligerents in Their Waters—Britain Is Favorable to Plea.

Washington, November 26.—The United States government has been asked by the principal South American nations to co-operate with them in negotiations with European belligerents to bring about the exclusion of all belligerent warships from the waters of the two Americas and safeguard the trade of Pan-American countries with each other.

Argentina, Chile, Peru and Uruguay have laid their suggestions before the Washington government, while the Brazilian government is considering taking a similar step. Virtually all the Central and South American countries have been circled by some of the principal nations resulting in a series of diplomatic conferences in Washington and the capitals of South America, which are now in progress.

Trade Restoration Sought. While the proposals are different in character and scope, they all seek the same end—the restoration of the trade routes of the Americas.

Some of the nations which have made suggestions is committed to no particular plan, but all are in favor of the restoration of the trade routes of the Americas. The United States is in a position to make any plan effective, it is recognized with President Wilson.

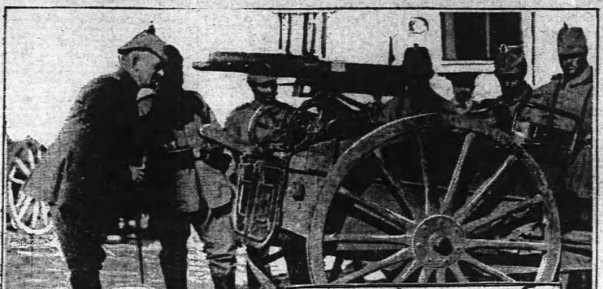

The various plans thus far formally communicated to the United States are:

1. The establishment of a neutral zone in the Atlantic Ocean, north of the equator and south of the Tropic of Cancer, within which the belligerents are prohibited from operating.
2. The appointment by the United States of a commission to investigate the situation in the Americas.
3. The prohibition by all nations of the Americas of the sale of arms and munitions to the belligerents.
4. The prohibition by all nations of the Americas of the sale of ships to the belligerents.

Already some of the powers of Europe have been soundly rebuffed, and it is understood that the United States is ready to take any step which might result in the restoration of the trade routes of the Americas.

The entire movement is as yet in a formative state and depends largely on the progress of the negotiations with the United States government. In early stages of the negotiations, learned that the United States is in a position to take no step which might result in the restoration of the trade routes of the Americas.

OFFICER SHOT DOWN AT NEGRO BARBECUE

County Policeman Peek in a Critical Condition at the Grady—Fellow Officers Search for Assailant.

While making inquiries concerning a shooting which had occurred at a Thanksgiving barbecue given on the farm of W. R. Lamar, colored, near Battle Hill, L. P. Peek, a county policeman, detailed for duty the day after was shot by an unknown negro about 7 o'clock in the evening, the hall entered his left side.

Peek was placed in the automobile of W. C. Stephens of 10 Producers Way, who was going home at the time, and was carried to the Grady hospital. Physicians consider Officer Peek's condition serious.

One shot had been fired among the negroes collected at the barbecue, said Mr. Stephens, before being taken to the operating room. "Dismissing my horse and approaching the negro without I believed did the shooting. I asked, 'Who did that shooting?' Without reply, the man commenced firing, but we each fired five shots, but as far as I know I did not hit him. Although taken somewhat off my guard by the sudden and unexpected attack, I would recognize him again."

Mr. Peek, who is 35 years old, was married and has a family. He was a member of the various associations of his race, and was a member of the Grady hospital. He was shot while on duty, and his condition is serious.

The foregoing epitomizes a statement issued today by the American Commission for Relief of Belgians, carrying a plea for food for inhabitants of the stricken land. A cable from H.

Hoover said the commission was sending several ships to the Atlantic seaboard, trusting that Americans would fill them with supplies.

The middle states are leading in contributions, the commission says.

The south, even though it suffered from the war, is helping too. Alabama will send a shipload of provisions from Mobile about December 15. Flour will be sent in cotton sacks and when the sacks are empty they can be turned into clothing. Virginia is preparing a cargo of food for January shipment.

ORDER BEING KEPT BY ZAPATA FORCES

Washington Advised That There Is No Disorder in Mexican Capital—Carranza Has Entered Vera Cruz

Washington, November 26.—Zapata forces are preserving order in Mexico City and Villa agents are co-operating according to state department advice tonight. It was not known for a moment whether Villa's troops had entered the city.

An official report from American Consul Carranza, accompanying Villa, received tonight said Villa had renewed his promise that there would be no looting or disorder and that the rights of residents, native or foreign, would be respected.

The message was sent from the office of Mexican minister, Secretary Bryan said, and while it did not say when the northern army was expected to enter, it was taken to indicate that he was fully advised as to conditions there and acting in harmony with General Zapata.

Officials believed the entrance of the northern army in Mexico City was to be expected at any time and that Villa would be formally installed in office there with the remaining of the Azusa Caliente convention.

United States officials still were in doubt tonight as to the whereabouts of General Zapata himself. No mention of his presence in the capital has been made.

VILLA IS ACTING WITH CAUTION

El Paso, Texas, November 26.—Reports received today from El Paso said the Villa forces were acting with caution before entering Mexico City. It was declared Villa had sent a commission for a preliminary conference with Carranza. Villa himself supposedly remained at Azusa with the vanguard of his army.

The permanent committee of the Azusa Caliente convention, headed by Provisional President Gutierrez, has left San Luis Potosi and was expected today at Queretaro on its way to Mexico City. With it was Leon Salas, a well-known Mexican statesman and other officials who attended the convention.

All has been quiet in the interior, as far as the direct telegraphic advice for several days.

VERA CRUZ GREETED GENERAL CARRANZA

Vera Cruz, November 26.—General Venustiano Carranza reached here today from Cordoba. His arrival brought thousands of enthusiastic citizens into the streets, and when he spoke from the balcony of the hotel, he was greeted with loud cheering.

Tomorrow the general will take up his official duties, and from this city as his temporary capital, will direct the campaign against General Villa and Zapata.

General Carranza arrived in the presidential train. He was accompanied by General Obregon and other officials. The train was met by a large number of officials and citizens.

RUSSIA SENDS TROOPS TO ASSIST THE SERBIANS

Fifteen Regiments, Completely Equipped, Have Arrived. Austrian Defeat Reported.

London, November 26.—The correspondent of The Times at Sofia, Bulgaria, reports that Russian troops have arrived in Serbia to assist the Serbians in fighting the Austrians.

"Fifteen regiments of Russian troops, with seventy horse loads of ammunition and supplies, have arrived at the Serbian town of Radulovatz," the Times correspondent says. "They made the 500-mile trip up the Danube river from Russian territory. They will be rushed to the front to assist the Serbians."

VICTORY FOR SERBIANS OVER THE AUSTRIANS

Paris, November 26.—Victory for the Serbians in their fighting with the Austrians in northwestern Serbia is reported today in a dispatch from Yugo to the Havas agency.

"Complete victory on November 23," says the dispatch, "along the positions to the east of the Serbian town of Lazarevatz. The Austrians, after being made by us on the enemy's front, were driven back to their positions. We captured all their positions and the enemy to the southwest of Lazarevatz were repulsed. From our point of view the day ended favorably for us. After fighting on November 23, the enemy was constrained to retreat. The retreat was disorderly at some points. We took a number of prisoners."

SERBIANS AIDED BY THE WEATHER

London, November 26.—(2.45 a. m.)—Telegraphing from Saloniki, Greece, the correspondent says: "The news from Serbia is optimistic."

The Austrians are not following up their success in the Balkans. The cause of appalling weather conditions. There has been heavy snowfall between Nish and Belgrade. At Kumanovo the snow is six feet deep. The weather will aid the Serbians, who already occupy positions of great natural strength. The public is determined to carry the war to the bitter end.

GERMANS ARE SENTENCED FOR LOOTING IN FRANCE

Paris, November 26.—The permanent court-martial today sentenced German Majors Collins and Wolfart, who are in charge of the German hospital of the second German corps, to a year's imprisonment for alleged pillage. Nine doctresses, attached to the hospital, were given sentences of from one month to three months and twenty subordinate sentences of from one month to three years on the same charge. Eleven persons connected with the hospital were acquitted.

The hospital was captured by the French at Peronne September 15. The bulk of the baggage aroused the suspicion of French army officials. It was charged, there were found three Tanners' statuettes with the labels of the Peronne museum attached to them. It was alleged that in the baggage of the doctresses there were pieces of silk, carpets and furs. The doctresses were given their kindness to French women.

MANY HORSES SHIPPED TO FRENCH GOVERNMENT

New Orleans, November 26.—What is the largest single shipment of horses for service in the European war to arrive here tomorrow on board the British steamer Grand Rapids. The horses, 1,400 in number, arrived here today on two special trains from the middle west. It is said the showman will clear for French ports, and that the horses will be used as mounts for the French cavalry.

Making a Two-Day Affair of Thanksgiving With a Great, Fine Sale of Ready-to-Wear

A sale of Ready-to-Wear—suits, dresses and waists—done in the best Chamberlin-Johnson-DuBose Co. fashion.

The milk of the coconut is that, having decided to treat certain suits, dresses and waists in the light of odd lots, we go about their disposal in the thorough and gingery way that has long char-

acterized our advertised sales.

So now, Madame, for the best Ready-to-Wear news told this season. That it should come the day after Thanksgiving tinges it with poetic justice, for thereby do we give the day to an economic value that must appeal to the woman with a suit to buy.

But read on—

With Two Hundred Suits at Prices Very Near Half Now Is the Time to Choose Yours

Two hundred suits! "How can any store call two hundred suits an odd lot?" You may well ask. But the point is, we do, in the treatment of prices, and prices are the objective since the styles are what they are—modern, charming, elegant.

Suits at	Suits at	Suits at	Suits at
\$11.75	\$15.00	\$20.00	\$25.00
Were \$18.75 to \$21.75	Were \$25 to \$29.75	Were \$29.75 to \$39.50	Were \$40 to \$57.50

The Prices	The Styles	The Materials
A Chamberlin-Johnson-DuBose Co. sale price is a very unreasonable thing, but unreasonable in a way that is attractive to women. In this instance let us record—the prices do not even closely approach the value of the suits. We take this opportunity to effect a clearaway of two hundred suits. And at these prices we will do it! Let those who have suits to buy be advised.	There must be upwards of forty different styles to choose from—we can picture them only in generalities—very severe tailored suits, suits very much trimmed with braids, velvets, furs, buttons—coats of medium length and long, graceful redingotes, cutaways that combine the beauties of both long and short coats, short in front, long behind. Plain tunic and plaited skirts.	At \$11.75 serges and poplins; at \$15.00 gabardines, serges, chevots and poplins; at \$20.00 broadcloths, serges and gabardines; at \$25.00 rich broadcloths, serges and gabardines.

\$3.75 For \$5.75 to \$11.75 Blouses

Nets, Laces, Chiffons
Some fifty waists, styles most liked for wear with suits. Black, navy, Copenhagen, brown, black-and-white effects; chiffons over nets, laces over figured nets. High and low necks, with soft plaited ruchings, vest effects; yoked affairs; long and three-quarter length sleeves—about as many styles as there are waists. It is a clearing up of stocks—not one of these was less than \$5.75 and from that they went through \$7.50, \$8.75 to \$11.75.

The Coats! The Coats!
Such a display that must mean satisfaction to the woman who is in search of a coat. Inexpensive coats? Yes. Many kinds that look that are worth more than their price, \$9.75. From that they go gradually up to \$35 and \$45. Novel styles in broadcloths, zibelines and velvets—in which belts play an attractive part.

Smart, Trim Serge Dresses—A Sale

The power of just doing things!
Here we are with an as likely and likeable a little collection of serge dresses as a woman could possibly enjoy, and yet we have done such pricing as the veriest January Sale would hardly bring. But we will do things in the way of selling dresses, and that at the time when women are seeking little dresses to wear with coats.

Dresses at \$5.75
Dresses at \$8.75
Dresses at \$11.95

Usually \$6.95 to \$8.75 Usually \$10 to \$12.50 Usually \$18.50 to \$25

Those now \$5.75 are simple, neat little affairs of navy and black serge, with trimmings of silk braids, several styles of skirts, full length sleeves, low collars. Among those now \$8.75 are a number of styles with belts placed low, with natural waist line; many are serge and satin combined—in tunics, in sleeves. Those now \$11.75 are notable values, recently arrived, they show advance style ideas, plain flare skirts, fur trimmings, choker collars, metal embroidery, sashes and girdles of self materials—black, navy, brown, green.

DEATH OF HYDEN CALLED SUICIDE

Coroner's Jury Rejects the Theory of His Relatives That Youth Was the Victim of Murder.

Despite the efforts of relatives, who sought to prove that Gardie Hyden was murdered, the coroner's jury yesterday brought in a verdict that the death of the young man was a suicide.

Hyden's relatives and friends testified that he had talked with the dead man for a moment near the corner of Fraser and East Fair. According to their story, Hyden appeared to be in a suicidal mood.

to have been drinking, but at their suggestion promised to go home. When investigating the cause of a muffled pistol shot, the officers discovered the body of the deceased about ten minutes later lying on the sidewalk at Capitol avenue and East Fair. A bullet hole was drilled through his right temple, and a pistol with one empty chamber was under his body.

M. Payton, of 715 South Pryor street, heard the muffled shot while walking on Capitol avenue a few doors from East Fair. He ran back looking in all directions, and reached the spot at the same time the police came. He states that he would have seen any person leaving the vicinity.

There were produced at the inquest forty-nine bullets of 25 caliber, corresponding to those found in the gun. It was shown that this gun had been bought by Hyden at a pawnshop earlier in the evening, and that he had exhibited it to several friends who he had met.

M. H. and C. G. Hyden, brothers of the dead man, and D. T. and J. M. Hyden, uncles, stated at the inquest that after a thorough investigation of the case they were convinced that Gardie Hyden was murdered. They pointed to the torn clothing, the gash on the forehead and to the fact that there was no known motive for the young man to commit suicide, as he had a good position and was usually in good spirits. They stated that the gun, his forehead could not have come from the fall of the body, for the nose was unbruised.

The funeral will be held at his home, 214 Crow street, Friday evening at 7:30 o'clock. Interment will be near Gholson.

The deceased is survived by his mother, Mrs. Mary Hyden, two sisters, Miss Jamie Hyden and Mrs. H. H. Hyden, and two brothers, C. G. M. H. Daniel and Kattil Hyden.

Attorney Henry Alexander, representing Frank, today made public the opinion announced by Justice Lamar in denying the writ last Monday. In this opinion, Justice Lamar referred to the decision of the Georgia supreme court in the case of the Georgia railroad, which I do not intimate to be the view of the case. I have the impression that it is a case in which the court is not to be bound by the decision of the Georgia supreme court, but I have not had time to study it.

Great Singers Must be "Tobacco Wise"

Tuxedo is the Tobacco Chosen by Opera Stars

MEN who depend upon their voices come to know tobacco as the ordinary smoker never knows it. A sensitive throat or mouth feels the slightest sting, bite or scorch of tobacco.

Tuxedo is the one tobacco which singers, actors, public speakers—all men who guard their throats zealously—can smoke with pleasure and safety.

Tuxedo tobacco cannot sting, bite or irritate the delicate membranes of the mouth or throat.

Tuxedo tobacco has made thousands of men converts to the pipe, because it has made pipe-smoking possible for them. Under the famous "Tuxedo Process" the mild, tender leaves of the highest grade Burley tobacco are so skillfully treated that Tuxedo burns slowly and affords a cool, mild, thoroughly enjoyable pipe smoke.

Leading men in all walks of life—well-known doctors, lawyers, ministers, lecturers, etc.—smoke Tuxedo and testify to its soothing influence on the throat.
